

## Magnetic document holders

The magnetic back of these transparent document holders lets you display internal schedules or notes on metal surfaces.

The document holder attaches instantly to any metal surface (cabinets, machines, whiteboards, etc.), and has a top opening that makes it easy to insert and remove documents without damaging them. It is made from a transparent, hard-wearing film that protects documents from dust, splashes and frequent handling. This product is available in two formats : A4 or A5 (portrait or landscape).
